

9/11 Drill Down for Safety

Business Emergency Response Plan

Assigned Emergency Duties

Manager-You must complete the first seven items listed below. Add as many names as you feel are necessary to ensure that a particular task will be done in all assigned work areas. Additional responsibilities, assignments, and/or guidance should be incorporated starting at 8 below. Any or all of the first seven items can be modified as necessary, but not deleted. Assignments will be made in numbers one to seven.

1. **TAKE ROLL CALL** - Personnel listed below will pick up a copy of the department roll call roster and take it out to the assembly point to conduct a roll call of the department personnel listed.

Department Work Location(s) _____

Responsible Person(s)

Primary: _____ Alternate: _____

Primary: _____ Alternate: _____

2. **ASSIST EVACUATION** - Personnel listed below will assist/guide all personnel in the department area out the closest emergency exit that can be safely exited and then to the assembly point. **Remember to take visitors with you!**

- 3. **EMPLOYEES WHO NEED ASSISTANCE AND EMPLOYEES ASSIGNED TO ASSIST** - Personnel listed below are assigned as primary and alternates to assist the employees listed to the right who require, or have asked for, physical assistance during an evacuation.

Names of Employees Requiring Assistance:

#1 _____	Location: _____
#2 _____	Location: _____
#3 _____	Location: _____
#4 _____	Location: _____

Name of Employee(s) Assigned to Render Assistance:

#1 Primary: _____	Alternate: _____
#2 Primary: _____	Alternate: _____
#3 Primary: _____	Alternate: _____
#4 Primary: _____	Alternate: _____

- 4. **BOMB THREAT** - The personnel listed below should be extremely familiar with the operations of the department and the items physically located in the department area(s). During normal work operations you may be asked to conduct a discreet review of the items in our work area. Pay particular attention to anything that does not belong in the area, or is strange or out of place. Do not touch anything. Do not use telephones. Instead, personally report anything out of place or unusual to your manager or security. If evacuation occurs, the personnel listed below should take a hard look at the department area just prior to evacuation to determine if there are any unusual, or out of place items in the department area. Report anything seen or suspected to Security as soon as possible.
